Congratulations on making it to the 2009 State Football Play-offs! Included in this online packet is an officials' rating form, and football play-off game statistics form. Your administrator will have a list of game officials, and your game report will need to be entered online.

Officials have been asked to arrive two hours prior to game time. Ask the clock keeper and chain crew to meet with officials approximately one hour prior to the beginning of the game. Please provide security for the officials to and from the field as well as during halftime and at the end of the game.
